Stow Papers &c.

U. C. Burnap. (Enclosing mine sent him, to visit Farnsworth case)

25

Lowell Jan. 26. 1839.

Dear Brother, Yours has just arrived and according to your request, I inclose your former letter. Perhaps I did wrong to read this to Dea. Farnsworth. But so far as he expressed his feelings, I thought they were in accordance with yours.

I have not heard from the meeting and of course cannot say any thing about the subjects of discussion. I should have attended had I not had calls, which seemed more imperative. Perhaps I have not as much confidence in Public meetings as I ought to have. For a pastor, who has a large flock, it is difficult to attend them, and the great difficulty is to determine whether he ought in view of other claims.

I want to know whether you are going to settle at the Manlebone Chapel. Please inform me soon. If you do not locate there it is possible we shall have a place for you here a few months hence.

Affectionately Yours

U. C. Burnap
